Claims 1, 4-6, 8 and 10 of the amendment filed 3/14/2007 are allowed. The following is an examiner's statement of reasons for allowance of these claims: Nothing in the prior art anticipates or suggests, "a polygon drawing means for drawing a polygon of the three-dimensional object and displaying the polygon in a frame image presented on the display, the polygon having a first texture representative of a surface of the three-dimensional object and imposed on the polygon of the three-dimensional object said first texture including a mixing ratio of the first texture which affects drawing of a second texture onto the first texture so as to determine a mixing of the first texture and the second texture, wherein the second texture is also representative of the surface of the three-dimensional object" in a game system for projectively transforming a plurality of polygons, set forth in the claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
